SELLER's acceptance of this Contract creates a binding Contract between CME and SELLER, which shall be governed by the provisions of this Contract.
- (b) This Contract and/or any signed Proprietary Information and/or Non-disclosure Agreement signed prior to or subsequently to the issue of a Contract or these General Provisions (or variation therefrom concerning the protection of intellectual property) integrates, merges, and supersedes any prior offers, negotiations, and agreements concerning the subject matter hereof and constitutes the entire agreement between the Parties.
- (c) **Additional or differing terms or conditions proposed by SELLER or included in SELLER's acknowledgment hereof are hereby objected by CME and have no effect unless accepted in writing by an authorized party of CME.**

2. Applicable Laws

- (a) This Contract shall be governed by the laws of the state of Florida excluding its choice of laws rules;
 - (1) except that any provision in this Contract that is (i) incorporated in full text or by reference from the Federal Acquisition Regulations (FAR), (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR, or (iii) substantially based on any such agency regulation or FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, Boards of Contracts Appeals, and quasi-judicial agencies of the Federal Government.
- (b) (1) SELLER agrees to comply with all applicable laws, orders, rules, regulations, and ordinances.
- (2) If, as a result of any violation of applicable laws, orders, rules, regulations, or ordinances by SELLER, its officers, employees, agents, suppliers, or subcontractors at any tier, (i) CME's contract price or fee is reduced; (ii) CME's costs are determined to be unallowable; (iii) any fines, penalties, or interest are assessed on CME; or (iv) CME incurs any other costs or damages; CME may proceed as provided for in (4) below.

is reduced; (2) CME's costs are determined to be unallowable; (3) any fines, penalties or interest are assessed on CME; or (4) CME incurs any other costs or damages; CME may proceed as provided for in (4) below.

Amounts assigned to an assignee shall be subject to setoffs or recoupment for any present or future claims of CME against SELLER. CME shall have the right to make settlements and adjustments in price with SELLER without notice to the assignee.

- (c) Action or direction by any CME customer shall not be deemed to be a change under the **Changes** clause of this Contract and shall not be the basis for equitable adjustment.
- (d) Except as otherwise provided herein, all notices to be furnished by the SELLER shall be sent to the CME Procurement Representative.
- (e) Buyer may make changes in the drawings, specifications, quantities, delivery schedules, or methods of shipment or packaging on any item at any time. If such changes result in delay or an increase or decrease in expense to Seller an equitable adjustment of price and delivery schedule may be made. Any claims for adjustment under this paragraph shall be conclusively deemed waived unless asserted in writing within twenty (20) days of receipt of change notice by Seller. Changes by Seller in prices, delivery dates or the Buyer in writing must approve other terms and conditions of this purchase.

6. Definitions

The following terms shall have the meanings set forth below:

- (a) "Contract" means the instrument of contracting, (e.g., PO, Order, or other such designation), including all referenced documents, exhibits, and attachments. For the avoidance of doubt, SELLER shall immediately produce such even in the event that statements are made after the issues are set before or at the preliminary hearing by CME.
- (c) Consistent with the expedited nature of arbitration, each party will, upon the written request of the other party, promptly provide the requesting party with copies of documents relevant to the issues identified by CME in the immediate provision above. Any dispute regarding the relevance of discovery shall be determined by the arbitrator(s), whose determination shall be conclusive. - (d) No action at law or in equity may be commenced by SELLER under or arising from this Contract unless it is brought within one year after the accrual of the cause of action upon which the claim is based, regardless of whether SELLER knew or

should have known of the accrual of any such cause of action.

- (e) Notwithstanding the foregoing, in the event of a breach or threatened breach by SELLER under the **Information of CME or Intellectual Property** provisions of this Contract or any Non-disclosure Agreement (or variation -therefrom concerning the protection of intellectual property), CME may forego arbitration under this provision and seek immediate judicial and equitable remedies, including, but not limited to, injunctive relief or specific performance without the requirement of any bond.
- (f) Until final resolution of any dispute hereunder, SELLER shall diligently proceed with the performance of this Contract as directed by the CME Procurement Representative.
- (g) Judgment of the arbitrator shall be final and non-appealable and may be entered in any court having jurisdiction or application may be made to such court for a judicial acceptance of the award and an order of the enforcement. Unless otherwise agreed payment shall be promptly paid within thirty (30) days of final ruling/decision/judgment in the matter. All warranties shall survive inspection, test and acceptance of, and payment for, the Work. All warranties shall run to CME and its successors, assigns, and customers. The warranty shall extend for a period of one (1) year after CME's final acceptance unless a different period is set forth elsewhere in this Contract. If any nonconformity of the Work appears within that time, SELLER shall promptly repair, replace, or reperform the Work, at CME's option. Transportation of replacement Work, return of nonconforming Work, and repeat performance of Work shall be at SELLER's expense. Work required to be corrected or replaced shall be subject to this provision and the *Inspection and Acceptance* provision of this Contract (FAR 52.246-2 and 52.246-4) in the same manner and to the same extent as Work originally delivered under this Contract. If repair, replacement, or reperformance of Work is not timely, CME may elect to return the nonconforming Work or repair, replace Work, or reprocure the Work at SELLER's expense.
- (b) SELLER further warrants that all software, firmware, and hardware (products) provided by SELLER, having date-dependent functionality containing or calling on a calendar function to process date and time data, will accurately process the date and time data (including, but not limited to, inputting, storing, manipulating, comparing, calculating, updating, displaying, outputting, and transforming such dates and data).
 - (1) In the event of a discovery of any date-dependent functionality noncompliance, the discovering party shall notify the other party within five (5) business days. It is the responsibility of the Seller to flow down this requirement (as well as others in this contract) to its other manufacturing entities and its succeeding supply chain, this includes but is not limited to various corrective actions whether from CME or CME's customers (SCARs and such). The Seller is required to retain its business, communications, product quality, and/or other records² (related to the product being sold to CME) for a minimum of 5 years, unless Proprietary Information subject to Nondisclosure Agreement provides a longer term) after receipt of product by CME. Any such non-conformity(ies) will impact the quality rating of and may not meet CME's or Government's specifications.

41. Price Stability

Contract prices and discounts shall be fixed at the time of contract approval by CME and SELLER. CME reserves the right to modify quantity and configuration requirements. SELLER agrees to provide CME the revised quantity of items at the unit price as stated in the RFQ regardless of quantity changes.

"Parts" shall include, but are not limited to, a part, component module, assembly, transistor, capacitor, resistor, diode, chip, component, circuit assembly, and/or any embedded software or firmware or supply.

Examples of Counterfeit Work, include but are not limited to:

anywhere in this clause or defective parts and/or surplus material scrapped by the original manufacturer.

- (d) Prohibition: SELLER agrees and shall ensure that Counterfeit Work is not delivered to CME, nor contained in such Work through the implementation of policies that include prevention, detection, and risk mitigation methods to protect against Counterfeit Work. SELLER bears responsibility for procuring authentic Work or items from its subcontractors and shall ensure that all such subcontractors comply with the requirements of this article as well as flow this requirement down to all its suppliers at all levels for buying or selling Work/Parts or for performing authentication testing.
- (e) Prevention: SELLER shall only purchase Work/parts procured directly from the OCM/OEMs, or through the OCM authorized broker/distributor chain who conduct approved testing or inspection to ensure the authenticity of Work/Part. If Work/parts are not reasonably available from OCM/OEMs, SELLER shall take reasonable steps to ensure product integrity in accordance with SELLER's supply chain policies and only purchase authentic parts/components directly from the OEMs/OCMs or through the OEM's/OCM's authorized or franchised distribution chain. Work/Parts shall not be acquired from independent distributors or brokers unless approved in advance of purchase in writing by CME. In situations where qualified sources or materials are not available, CME may provide materials as Customer Furnished Material (CFM) / Customer Furnished Equipment (CFE) with relevant cost considerations to the Contract/Purchase Order.

When requested by CME, SELLER shall maintain and provide authorized supplier documentation that authenticates traceability of the Work (complete lineage) all the way back to the original manufacturer of the Work and/or Parts as well as certificates of compliance/certificates of conformance. This clause applies in addition to any quality provision, specification, statement of work or other provision included in this Contract addressing the authenticity of Work. To the extent such provisions conflict with this clause, this clause prevails.
- (g) Suspect counterfeit electronic part means an electronic part for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the electronic part is authentic.
- (h) If suspect/Counterfeit Parts are furnished under this Contract/Purchase Order and are found in any of the Work delivered hereunder, such Work will be impounded by SELLER as well as any materials that have not yet been incorporated into Work and turn all over to CME; SELLER is further prohibited from putting any suspect/suspected of such or Counterfeit Parts into remaining balance of Work

to be delivered under this Contract/Purchase Order. SELLER shall promptly replace such suspect/suspected of such or Counterfeit Parts with legitimate and authentic acceptable Work/Parts to CME and SELLER shall also be liable for all costs as detailed Remedies or elsewhere in these terms.

In event SELLER obtains from such non-authorized suppliers appropriate certificates of conformance/certificate of compliance must provide all of the following: (i) the OEM's original certificates of conformance for the item, as well as everyone throughout the work/parts purchase/transfer/sale (ii) sufficient records providing unbroken supply chain traceability to the OEM, and (iii) test and inspection records demonstrating the item's authenticity. However in the event these records are falsified or in conflict with 3rd party testing done by CME (or its customer) or are subject to GIDEP alert or directive from the Aerospace Corporation indicating that such parts are Counterfeit shall be deemed definitive evidence of SELLER's Work contains Counterfeit Work and it shall not relieve SELLER of its obligations here under to replace and cover costs for non-Counterfeit Work as defined throughout this article including but not limited to Remedies or elsewhere in these terms.

- (i) Remedies: In the event that Work/Parts delivered under this Contract/Purchase Order are, or include, Counterfeit Parts or Suspect Counterfeit Parts, SELLER shall promptly investigate, analyze and report in writing to CME that Counterfeit Parts should be replaced with genuine parts conforming to the requirements of this Contract/Purchase Order. SELLER is solely responsible for any and all costs, including but not limited to, rebuild at any stage of production (including but not limited to work in progress, not yet built, and completed products) of CME's product if Counterfeit Parts cannot be easily accessed due to manufacturing materials (such as but not limited to epoxy and/or soldered) and/or manufacturing processes (such as but not limited to encapsulation), in order for to meet the Contract/Purchase Order requirements. SELLER's sole expense may include any costs CME incurs as a result of discovery of Counterfeit Parts in Work⁵ /Parts or Suspect Counterfeit Parts even if such costs might be considered indirect, special or consequential damages. Damages may include but are not limited to: testing/analysis done by any third party for or on behalf of themselves and/or CME, re-design of any and all CME products/Work/parts, re-procurement of legitimate Work/parts, lost profits, overhead costs, analysis/testing, CME's attorneys' fees and costs (including any enforcement prior or forcing suit/arbitration and all appeals), entire rebuild costs of CME product, labor and assembly or shipping and/or disposal/scrap. CME retains the right to make any GIDEP report on any of SELLER's Work which is Counterfeit Work or Suspect Counterfeit Work.
- (j) CME shall have the right to audit, inspect, and / or approve the processes at any time before or after delivery of the goods ordered hereunder. CME shall have the right to require changes to the processes to conform with CME's defined standards, if any. Failure of the SELLER to conform

⁵ Including without limitation CME's costs of removing Counterfeit Work including without limitation CME's costs relating to the removal and replacement of said parts external and internal costs of removing such counterfeit parts, of reinserting replacement parts and of any testing necessitated by the reinstallation of SELLER's goods after counterfeit parts have been exchanged, of reinserting replacement Work and of any testing necessitated by the

reinstallation of Work after Counterfeit Work has been exchanged. The remedies contained in this paragraph are in addition to any remedies CME may have at law, equity or under other provisions of this Contract/Purchase Order. SELLER is additionally liable for all costs, fees, and penalties relating to removal and replacement of parts after counterfeit parts notice or discovery.

its processes to CME's defined standards may result in the termination of this Contract/Purchase Order in accordance with the termination provisions set forth herein. SELLER shall maintain a documented system (policy, procedure, and/or other documented approach) including but not limited to inspection, segregation, quarantining, avoidance of counterfeit work/parts, testing of such and scrap, that provides for prior notification to CME to allow its written approval before parts/components are procured from sources other than OEMs, OCMs, or through the OEM's/OCM's authorized distribution chain. Upon CME's request, SELLER shall provide copies of such documentation for its system to CME for inspection. - (l) SELLER shall include all provisions of this Counterfeit Work clause or equivalent provisions in all lower tier subcontracts for the delivery of items that will be included in or furnished as Work/Parts to CME.

43. MATERIAL SUBSTITUTION PROHIBITION

- A. Unauthorized Material Substitution (General)
Unauthorized material substitutions are not permitted on Buyer's Goods. Unauthorized material substitution includes any deviation from the engineering definition of a raw material. Engineering definition includes Buyer design drawing and applicable specifications, product specification, form, size, shape, chemistry, melt method, origin, temper/condition, product testing or surface finish. Alternate materials specified in the engineering definition (and often described as approved material substitutions therein) do not constitute unauthorized material substitution. Terms and definitions for metallic materials and processing may be declared in the drawings or otherwise specified.

Contact Buyer's Authorized Procurement Representative for details regarding deviations to authorized materials. Seller agrees and understands that such deviations only apply to this purchase contract, and only as indicated in the Buyer's authorized document.

- B. Metallic Materials (Specific)
Temper or Condition Conversion - Unless specifically authorized by the engineering definition, conversion of a raw material (i.e. heat treat to change the temper or condition of the material) constitutes material substitution of the condition provided by the manufacturer.

Metallic Raw Materials – Buyer's engineering drawings may refer to obsolete or superseded specifications covering several forms, thicknesses, widths, etc. of the alloy or alloys. The required characteristics of these materials are defined not only by the objective test standards of the specification, but by the processes/methods by which this final form is achieved. These requirements are often captured in the definitions of the required material forms, and may not be explicitly called out in the detailed requirements. The raw material certification results from both the process used to make it and the tests to verify basic properties.

Seller shall ensure that metallic materials covered by current or obsolete/superseded specifications are produced using the standard industry practices designed strictly for the production of stock to the specified thickness, diameter, width or cross sectional area, achieved by thermo-mechanical processing or casting process. Chemical, electrochemical and mechanical methods used for the removal of surface scale or contamination, or the production of the required surface finish, in accordance with the material specification are acceptable. Raw material must not be recertified with respect to thickness, diameter, width or cross sectional area or product form. Machining or cutting of thicker product or other product forms shall not be supplied in lieu of specified product unless specifically authorized by Buyer. Raw material certifications for material or parts shall reflect the form and size of the raw material as originally manufactured by the raw material producer.

- C. Specification Supersession:
For government specifications and standards canceled after June 1994, Seller and subcontractors at all tiers shall use the last active revision of the canceled specification and standard until an acceptable replacement is included in the requirements of this Contract. Contact the Buyer's Authorized Procurement Representative in the event of any inconsistency in applicable specification or standard.
- D. Reports (Full Pedigree from melt to final product) - Raw material certifications shall show clear traceability to the manufacturer(s) of the raw material including ingot source, all thermo-mechanical processing (i.e. forging, rolling, drawing, etc.), heat treatment, chemical processing and inspections as required by applicable raw material specification requirements.
- E. Chain of Custody (Disguising intermediate ownership) – Suppliers shall not disguise the pedigree of material or chain of ownership by removal of a previous supplier's name, nomenclature or identification.
- F. Source of Additional Information - Additional information and guidance may be found through Buyer's Supplier Portal or Buyer's Authorized Procurement Representative.
- G. The substance of this Article shall be flowed in all subcontracts at every tier.

44. CHANGE NOTIFICATION

- A. SELLER agrees to advise CME Procurement Representative of any change, initiated by SELLER, to the design, form, fit, or function of the goods furnished under this Contract. Furthermore, any change involving a substitution of material, changes in SELLER's manufacturing and/or acceptance processes, or changes in manufacturing location will be submitted immediately in writing to CME Procurement Representative for processing and review. CME will, within 15 days after receipt of the written notice, notify SELLER of acceptance, rejection, or other status of such changes. In no event will SELLER incorporate such changes without CME's prior written approval. All goods to be delivered will incorporate all changes and revisions that are approved by CME under this clause, commencing with the agreed effectivity of such changes.
- B. Nothing contained in this clause will excuse SELLER from performing in strict compliance with the terms, conditions, delivery schedule, specifications, or any other provision of this Contract.

- C. Noncompliance with this change notification requirement may result in subsequent rejection of delivered items and actual and/or consequential damages.

45. INSPECTIONS AND TEST RECORDS.

During the performance of this Contract and for a period of 10 years after acceptance of all goods to be delivered under this Contract, SELLER shall keep and maintain all inspection and test records, and all other technical data generated under or related to this Contract including, but not limited to, drawings, designs, specifications, and manufacturing and process control records. Upon CME's request, SELLER shall make available for inspection, and shall allow CME to make copies of, and take excerpts from, all such records and data.

46. DEFECTIVE COST OR PRICING DATA

- A. If SELLER, its subcontractor, or prospective subcontractor fails to submit accurate, complete and current cost or pricing data, and as a result of that failure, the Government reduces the price of CME's prime contract, CME may recover from SELLER amount equal to the price reduction of the prime contract.
- B. If, as a result of SELLER's or its subcontractor's foregoing conduct, the Government imposes a penalty on or charges CME interest, CME may recover from SELLER the amount of that interest or penalty.
- C. For the purposes of paragraphs A. and B. of this clause, 46, if CME is a higher tier subcontractor, "Government" means the higher tier contractor and "prime contract" means the higher tier subcontract.
- D. SELLER will not raise as defenses the matters listed in FAR 52.215-10(c)(1) (OCT 1997) or FAR 52.215-11(d)(1) (OCT 1997).

Work hours OCONUS shall correspond to hours worked by comparable government personnel, or in accordance with SELLER's approved company policy to accommodate alternative work schedules, provided that no premium pay rates are applicable.

Memorial Day
Independence Day

2. Organizational Conflict of Interest

A. For purposes of this clause, an organizational conflict of interest (OCI) means that a relationship exists whereby SELLER has past, present, or potential subcontracts or financial interests that either directly or indirectly relate to the work to be performed under the Contract, and which (1) may

diminish its capacity to give impartial, technically sound, objective assistance and advice, or (2) may result in it being given an unfair competitive advantage. It does not include the normal flow of benefits from incumbency.

- B. The SELLER warrants that, to the best of the SELLER's knowledge and belief, there are no relevant facts or circumstances concerning any past, present, or potential contracts or financial interests relating to the work to be performed, which could give rise to an OCI as defined above, or that any actual or potential OCI with respect to the work to be performed under Contract has been communicated in writing to the point of contact for contractual matters identified in this Contract.
- C. The SELLER agrees that if any actual or potential OCI arises after award, with regard to any task order or modification thereto, the SELLER will make a full disclosure in writing to the point of contact for contractual matters. This disclosure shall include a description of actions the SELLER has taken or proposes to take, after consultation with the point of contact for contractual matters, to avoid, mitigate, or neutralize the actual or potential conflict.
- D. In any event, if an OCI cannot be avoided or mitigated, the government agency via the point of contact for contractual matters reserves the right to either preclude the SELLER from participation or require the SELLER to subcontract the work to another technically qualified subcontractor, subject to the approval of the government and the point of contact for contractual matters, and at the same or less than the price, negotiated rates, or level of effort contained in the task order. In the event a difference exists between the task order's price, negotiated rates, or level of effort and the price, rates, or level of effort required by the replacement SELLER selected, that fact shall not form the basis for an equitable price adjustment.
- E. The term SELLER herein used means the one entering into this Contract with CME, the SELLER's parent organization, if any, subsidiary, associate, affiliate or holding corporation, or any enterprise or organization with whom it may join, hereafter in any manner whatsoever, if that organization or any of its parts seeks to bid or perform work for the U.S. Government.
- F. This clause shall be included in any subcontracts awarded under this Contract. The use of this clause in such subcontracts shall be read by substituting the word "subcontractor" for the word "SELLER" whenever the latter appears, and "SELLER" for "CME" or "point of contact for contractual matters."
- G. The SELLER agrees to thoroughly educate its employees through formal training and company policy information directives and procedures, to ensure an awareness of the legal provisions of subpart 9.5 of the FAR, and of its underlying policy and philosophy.
- H. The SELLER agrees to enter into a written agreement with all companies whose proprietary data to which SELLER shall have access, that it will protect such data from unauthorized use or disclosure as long as these data remain proprietary. The SELLER agrees to protect and safeguard the proprietary data of business, commercial, or nonprofit organizations wherein said proprietary data have been available to the SELLER either directly or indirectly in the performance of this Contract, with the same caution that a reasonable, prudent SELLER would use to safeguard highly valuable property. The SELLER further agrees not to use

such data to obtain an unfair competitive advantage for itself or any other SELLER.

- I. When the application of this clause is determined by the government to be prejudicial to its best interests, it will seek a waiver of its provisions.
- J. This clause and the application of FAR 9.505 are subject to negotiation.

3. FAR 52.228-3—Workers' Compensation Insurance (Defense Base Act) (April 1984)

The SELLER shall (a) provide, before commencing performance under this contract, such workers' compensation insurance or security as the *Defense Base Act* (42 U.S.C. 1651, *et seq.*) requires, and (b) continue to maintain this insurance until performance is completed. The SELLER shall insert, in all subcontracts under this contract to which the *Defense Base Act* applies, a clause similar to this clause (including this sentence) imposing upon those subcontractors this requirement to comply with the *Defense Base Act*.

4. FAR 52.228-4—Workers' Compensation and War-Hazard Insurance Overseas (Apr/1984)

- A. This paragraph applies if the SELLER employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to workers' compensation insurance under the *Defense Base Act* (42 U.S.C. 1651, *et seq.*). On behalf of employees for whom the applicability of the *Defense Base Act* has been waived, the SELLER shall:
 - (1) Provide, before commencing performance under this contract, at least that workers' compensation insurance or the equivalent as the laws of the country of which these employees are nationals may require, and
 - (2) Continue to maintain this insurance until performance is completed. The SELLER shall insert, in all subcontracts under this contract to which the *Defense Base Act* would apply but for the waiver, a clause similar to this paragraph A (including this sentence) imposing upon those subcontractors this requirement to provide such workers' compensation insurance coverage.
- B. This paragraph applies if the SELLER or any subcontractor under this contract employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to the *War Hazards Compensation Act* (42 U.S.C. 1701, *et seq.*). On behalf of employees for whom the applicability of the *Defense Base Act* (and hence that of the *War Hazards Compensation Act*) has been waived, the SELLER shall, subject to reimbursement as provided elsewhere in this contract, afford the same protection as that provided in the *War Hazards Compensation Act*, except that the level of benefits shall conform to any law or international agreement controlling the benefits to which the employees may be entitled. In all other respects, the standards of the *War Hazards Compensation Act* shall apply (e.g., the definition of war-hazard risks—*injury, death, capture, or detention as the result of a war hazard as defined in the Act—proof of loss, and exclusion of benefits otherwise covered by workers' compensation insurance or the equivalent*).
- C. Unless the SELLER elects to assume directly the liability to subcontractor employees created by this clause, the SELLER shall insert, in all subcontracts under this contract to which the *War Hazards Compensation Act* would apply

but for the waiver, a clause similar to this paragraph C (including this sentence) imposing upon those subcontractors this requirement to provide war-hazard benefits.

5. 52.7106—Use of Government Information Technology (IT) Property (September 2001)

This clause applies to orders that require or permit the SELLER to use information technology property owned by the government. The subcontractor is reminded that, in addition to the "government property" clauses included in this contract, there are substantial restrictions on the use of government property. Any property so provided shall only be used for contract performance-related purposes. For example, information resources (e.g., computers, telephones, facsimile machines) shall not be used for activities such as accessing pornographic materials or web sites, personal business, playing games, or "surfing" the internet. Prior to beginning performance under this contract, the subcontractor shall instruct each employee on the proper use of government property.
